Kenny Rogers Productions, Inc. 2011
Symphony Production Requirements
Indoor and Outdoor and Small Venue Performances

Kenny Rogers Production staff recognizes that small venues can vary drastically ranging from theaters to hotel ballrooms to tents. Each one presents it's own set of unique challenges. Our experiences have shown us that these venues require flexibility on both parties represented. We will do everything possible to accommodate your needs without sacrificing the quality of Mr. Rogers performance.

This rider is a binding part of the attached contract.

1) Airfares: If the Purchaser is providing airfares for the Kenny Rogers group, the flights are to be "all jet service" for first class and coach tickets. All flights are to be approved by Kenny Rogers tour manager, Gene Roy, 615-777-2308, before they are booked.

2) Hawking: There is to be no selling of food, drinks or novelty items in the audience once the show has started.

3) Runner

We will need a person with a reliable car from load-in until the end of load-out. The runner is to be designated for Kenny Rogers use only.

4) Parking: Please have parking as close to the venue as possible for two (2) semi-trucks, three (3) buses and four (4) automobiles. Kenny Rogers' automobile should be allowed in the facility as close to his dressing room as possible.

5) Marquee: Kenny Rogers' name is to be the only name on the top line of your marquee. The support talent name (if any) is to be put on the line below Kenny.

6) Security: The security we need consists of the following: six (6) t-shirt security or non-uniformed police officers to be utilized at the discretion of Kenny Rogers security staff or road manager. We prefer t-shirt security and that they all be dressed uniformly for easy identification. They can wear t-shirts, shirts and ties, golf shirts or blazers. It doesn't matter to us as long as they are dressed accordingly. Please have six (6) security personnel at the venue one and one-half hour prior to show time. They are to meet with Tony Wray, Kenny's Production Assistant, upon their arrival to the building. Promptness and attire is of the utmost importance.

We normally use four (4) of these men in front of the stage , one (1) in the backstage area, and one (1) at Kenny's dressing room door.

We do not want police officers with guns around the stage.

7) Towels: A total of thirty six (36) bath towels are to be provided at load-in to the production manager. The towels are for us to use while at the venue. If an opening act is provided for this show, towels will also need to be provided for them.

7) **Towels:** A total of thirty six (36) bath towels are to be provided at load-in to the production manager. The towels are for us to use while at the venue. If an opening act is provided for this show, towels will also need to be provided for them.

8) **Food:** If you have any questions after reading this rider please contact the production manager, Keith Bugos at the office, 615-777-2308, or on his cell phone, 414-915-7761. The quantities listed in our rider are the quantities that we need. Please do not add extra food or drinks. Each meal quantity includes all of the Kenny Rogers crew. Please note that none of the quantities include any local stagehands, riggers, etc. that are working our show.

If we are in a building for more than one day we will need breakfast, lunch, dinner and all dressing room set ups on the first day. **On any subsequent days we will not need breakfast or lunch but we will need Dinner in addition to the dressing rooms replenished and cleaned.**

If there are two shows on the same day we will need all dressing rooms set up prior to the first show and each dressing room replenished between the two shows if needed. A total of **sixty pounds (60 lbs) of ice** will be needed at the conclusion of the show. This ice will be placed on Kenny' s buses. Please check with Keith Bugos the morning of the show to make sure the ice will be needed before you go through the trouble of getting it.

21) Load-out food:

HOT food from a local restaurant (pizza, Steak & Shake, Chinese or Indian food) should be put on the crew bus after load-out for twelve (12) road crew.

Please see Frank Farrell about this.

All remaining food items and drinks will be relocated after the conclusion of the show per the instructions of Keith Bugos. Again, please check with the production manager the morning of the show to make sure that the items listed above will actually be needed.

Please make sure that a coffee/drink service is located near the load-in doors and is available throughout load-out.
